

## Corse : Wild about Corsica - Corsica's Mountains and Coast

With Easy Jet having finally penetrated the corsican skies, it is possible to book a flight and car hire competitively. You fly in pick up your car hire and head for the hills.

This is a week that is made to measure, you can make it full of non stop action, or choose to make it active with relaxing time too. The holiday is based in a beautiful, vibrant little village in the south of the island in the Alta Rocca. It is a dynamic hot spot for a whole range of outdoor sports. From the village, you can choose to do easy, or challenging mountain biking, canyoning, hiking on the GR20, a tree walking circuit with zip wires, rope bridges and via ferrata. The village is surrounded by forested mountains, rivers, gorges and rockpools so there are plenty of swimming opportunities. From the village it is just a short drive to a high lake, the osphele and down to the coast. The village of Porto Vecchio boasts some lovely cafés, boutiques and nearby beaches.

## Program

### **D1 - Explore the village of Zonza and its surroundings**

After you've settled into your hotel for the day, you might hesitate between the several restaurants that offer local treats for your lunch. Let yourself get tempted by wildboar stew with chestnuts, home-made mountain charcuterie and cheeses and dreamy desserts. Unwind at your hotel after your meal or you can explore the village of Zonza. Situated near by the most dramatic mountain scenery in the South, this picturesque granite village is the meeting point for hikers, climbers and horse riders.

### **Multi activities in Zonza**

**Walking:** A hiking paradise, we provide maps and route notes for various walks on the GR20. This is Corsica's famous long distance trail. You can walk to a refuge, a high rock arch, or just picnic in the forest. The scenery is breathtaking and there are lots of options to choose from.

**Mountain biking:** The village boasts the island's first and only MCF, school of french cycling moniteurs. There is a whole range of mountain biking available, from gentle forest trails, to technical single track descents and even timed rocket down hill runs.

**Canyoning:** There are the most prestigious canyons nestled around the village, there are four to choose from. Two introductory ones and two that are physically demanding. They all involve jumping, sliding and swimming down through a series of waterfalls and rockpools. The canyons have wonderful sculpted rock formations and take you through some wild water chasms.

### **The Aiguilles de Bavella**

A spectacular walk in the heart of the aiguilles de Bavella massif. The tall needles of rose granite tower above, you will pass by different pinnacles, such as, the Acellu, Ariettu, Vacca and the Pargulu. The trail is sometimes steep and in places assisted by hand chains. The area of Bavella is reputed for rock climbing, it possesses a rare beauty, a chaotic jumble of granite. You plunge into an unusual mountain decor and it is surprising to glimpse views of the sea not far away.

Distance : 12km, duration : 7h00, altitude gain : +900m, descent : -900m.

### **The Trou de la Bombe**

A walk to the Trou de la Bombe, a circular opening that pierces the Paliri crest of peaks. A pleasant walk under Larriccio pine trees and superb views over the gulf of Porto Vecchio.

Distance : 6km, duration : 3h00, altitude gain : +300m, descent : -300m.

This programme is an example of the itinerary we aim to adhere to. It may be possible, if situations arise that are beyond our control, for the itinerary to be modified.
